

GalleryDock

ONLINE CLIENT GALLERIES FOR PHOTOGRAPHERS & FILMMAKERS

Service overview | Available internationally in English and German

Start with three free galleries

Create a free account to try three client galleries and explore your photo delivery workflow. For current paid plans and their terms, visit the GalleryDock website.

Photo presentation, selections and delivery

Present client photographs in an online gallery, collect image selections and provide downloads according to your gallery settings.

Website embedding and a shared client entrance

Add a gallery or central client entrance to your own website with an embed code. Clients enter their gallery password to open the corresponding collection. Your website editor must support HTML embedding.

Password-protected galleries

Control access to individual client collections with gallery passwords. Share each password with the intended recipients.

Video feedback and print sales

Filmmakers can present video projects and collect client feedback. Photographers can offer photographic prints through an integrated gallery shop.

Access and contact

The software is accessible 24/7. Office hours (Europe/Berlin): Monday-Thursday 10:00-18:00; Friday 10:00-16:00. Closed Saturday and Sunday.
